Mail this form and payment to:

Providence Farm Collective
5701 Burton Rd.
Orchard Park, NY 14127

Community-supported agriculture (CSA) is a system in which farmers partner with community members to provide a local source of fresh produce. Community members that buy a CSA share receive a variety of freshly picked farm produce weekly throughout the growing season. At PFC your CSA share will consist of crops grown by many different farmers including your standard NY favorites and crops representative of PFC's culturally diverse farmers.

Our CSA is unique in that we support beginning & under resourced farmers in accessing land, education, and markets to build their farm business! Our farmers come from a wide range of backgrounds and experiences, and most have a strong agricultural heritage in their country of birth. PFC's farmers love to farm! Despite nearly all of our farmers having full time jobs off-farm, they are farming in their off-time to build food-security within the community, to grow culturally important crops, and to earn supplemental income.

CSA shares are scheduled to begin on June 5th and continue for 18 weeks. Share pickup is limited to a set day and time. If you are not able to pick up your CSA share you may send a friend or family member to pick up for you during the set time. All produce is grown naturally without the use of synthetic chemical fertilizers, pesticides, herbicides, or fungicides.

Thank You!
